

Fishing in our Estuaries and from our shores

- Please be aware and conscientious about what fish you are catching, whether from a boat or from the shore.
- Note that 'if you are unsure about the status of species of fish you want to purchase, you can send an sms with just the name of the fish to the SASSI FishMs number: 079 499 8795. If the species is on one of the SASSI lists, you will receive information about that species, as well as its associated SASSI colour. Smses are charged at standard rates'. (From the SASSI website)

List below courtesy of SASSI <http://wwwfsassi.co.za/sassi-list/>

Symbol	Description
*	Specially protected species
♦	Fishery improvement projects underway
	The Marine Stewardship Council (MSC) eco-label indicates that a product is certified to be from a well-managed and sustainable fishery. For more information, visit: www.msc.org
